

# St George's School

## A Guide to Parent/Student Consultation Evenings

The purpose of this evening is to work together, to look at current progress, to identify strengths and share advice for further improvement.

It is different from Review Day (Thursday, 3<sup>rd</sup> April) because you can meet with individual subject teachers.

## Organisation

- On arrival at the Sports Hall please sign in. Sheets will be in the foyer in College groups. Attendance printouts will be available, please check for accuracy.
- Teaching staff will be seated in alphabetical order i.e.

Mrs Greaves	Mrs Hackney	Mrs Lyons	Ms Rothwell
			
Mr Alderson	Mrs Litvinski	Ms Owen	Miss Young

- We encourage students to be part of the evening but if you are attending without your son/daughter please bring a list of their subject teachers along to help you.
- We use a simple queuing system for meetings.

## **Before the Evening**

Look through the current progress report to check if you have any specific concerns – these may be about:

- Target Levels (expected attainment at the end of the Academic Year)
- Monitoring (how much effort they are making)
- Homework (standard of and completion of homework)

You may wish to prioritise the staff you would like to see, although obviously all teachers would like to meet with you.

Senior staff will also be available during the evening.
