		PREP - MATHS		Maths sets 11e1, 11e2, grades 7 & 8		35
		PREP - MATHS		PROM		36

This is the most updated PREP calendar. Each week (1-32) has a number of subjects booked. (Small number of option subjects might double up in one week!). Wednesday HIT can be used for students that need extra intervention – The departments booked have priority. Also make sure 1st, 2nd, 3rd order is followed.

Subject leaders have to identify the key target groups and invite them to the sessions. Inform the intervention column on SIMS.

Use official school systems to invite critical students in those sessions.

Sessions should be constructive and valuable.
